

Annual Report 2022 -23

The meetings of IQAC are regularly held in the institution to discuss the plans for quality enhancement and implementation of the innovative ideas. It includes infrastructure development, delivery of curriculum in the planned way and inculcating citizenship values among the students. Feedbacks are collected on the curriculum and infrastructure development, analyzed and necessary improvements as suggested by IQAC are implemented. Many times oral suggestions, feedbacks in an informal discussion are taken by the management with students, faculty and other stakeholders and are also been implemented.
